

TRADE FAIR SUPPORT SERVICES

The EU-Indonesia Business Network (EIBN) is a **partnership project between five European bilateral chambers of commerce in Indonesia** (BritCham, EKONID, EuroCham, IFCCI, INA) and two counterparts in Europe. The EIBN's aim is to promote Indonesia as high potential trade and investment destination among companies from all 28 EU Member States, and support them in their endeavors to explore the full potential of the Indonesian market.

International trade fairs taking place in the main cities of Indonesia represent the ideal marketing platform where to get acquainted with the marketplace and to be able to engage effectively with prospective customers and potential partners.
